Australia Hero: Turning Neighbors into Solutions

Neighbors are not just Neighbors

Resource Waste

Buying a \$100 tool for a 30-minute task.

Physical Task

Need someone with house moving

Knowledge Need

Struggling with quick tech or translation issues alone

From problem to your nearby solutions

The Community Flywheel

3. Reward & Elevate

Helpful actors receive appreciation points, digital badges, and reputation boosts.

1. Ask Nearby

Post a minor need or temporary resource request to the local map.

2. Solve Quickly

A neighbor within walking distance responds and fulfills the micro-task.

Anonymous environments become trusted micro-communities.

Map-Based Core & Distance Discovery

- **Hyper-Local Priority:** The algorithm strictly prioritizes matches within immediate walking distance to remove transportation friction.
- **Dynamic Filtering:** Users isolate map noise by toggling specific categories, ensuring they only see relevant opportunities.
- **Request Expiration:** To ensure the map reflects only real-time reality, requests automatically expire, preventing a graveyard of outdated posts.
- **Friends System Addition:** Push the notification automatically when friend post their request
