

1. Background

- She has lived in the Melbourne city for 1.5 years.
- Master student in Unimelb

2. Recent help-seeking experience

- She **caught a cold** and needed medicine, and asked a **friend** for help.
- She felt unsure who to ask and doesn't want to bother friends.

3. Challenges and pain points

- She hasn't tried any platform and not knowing **which platform** to use
- as a newcomer to Australia, she would need help for understanding **electricity bills and knowing where to throw trash** when **not getting replies from her agent**.
- Using **Facebook Marketplace** to look for second-hand items at reasonable prices.

4. Reaction to the platform idea was trust and safety

- She preferred to remain **anonymous at first**, because she did not want strangers to know where she lived.
- seeing a **photo** of the other person would make her feel safer
- **verification first, limited exposure first, then gradual disclosure**.
- **safety matters more than gender**,
